Release Notes

TO: Asset Inventory Users

DATE: October 31, 2025

TOPIC: Asset Inventory Version 2.1.0

The following memorandum describes the new features and fixes that have been released to the Asset Inventory platform. This release consists of the following:

Release Includes:

- Users will receive an "Idle Timeout Warning" pop-up after being idle for 1 hour. They can choose to 'Stay Logged In' or ' Logout'. There is a count down timer to logout if an option is not selected.

- Users will no longer receive errors when timed out.

- Corrected the Import process to handle date formats in YYYY_MM_DD.

- Added the 'Description' field for Service Vehicles to both the Inventory table and the Import Process.

- Modified the 'Event Detail' to include the 'Created By' value for when Service Status, Condition, or Odometer fields are updated from the Inventory tables.
