The following memorandum describes the new features and fixes that have been released to the TransAM platform. This release consists of:

Bugs:

- Corrected accessibility issues with the following:
    - Tabbing to the following **menu bar** options will allow tabbing/enter to open sub-menus:
        - Inventory → Action Events → Newly Transferred Assets (BPT)
        - Reports → NTD Reporting → Fleets
        - Reports → NTD Reporting → Asset Reports
        - Help → User Guide Videos
    - Tabbing to the Profile '**Actions'** button on the Asset Detail page will allow tabbing/enter to open sub-menus:
        - Tabbing to sub-menu '**Update'** will cause the submenu to display. Tabbing further will move to the next submenu items listed. Enter will select/open that item.
        - Tabbing to sub-menu '**Edit** will cause the submenu to display. Tabbing further will move to the next submenu items listed. Enter will select/open that item.
        - Tabbing to sub-menu '**Add to group** will cause the submenu to display. Tabbing further will move to the next submenu items listed. Enter will select/open that item. (BPT)
    - Tabbing through the '**Highlights'** and '**Profile'** tabs on the Asset Detail page, will display each tab's content and no longer require the user to press the Enter key for the information to display.

New Features:

- Updated when creating a new project, the 'ALI' page will display for entry.
- Added the ability to resize the Inventory Table columns.

Task:

- Investigated Inventory Tables – 'Column Filters.'
